A TIME WHEN... prompts:

1. A time that you experienced feminist pedagogy as teacher or student.
2. A time when you felt stereotyped or discriminated against because of your gender, race, sexuality, age, abilities, appearance, or creed.
3. A time when you felt powerless or not in control.
4. A time when you felt empowered.
5. A time when you or another you know felt/was violated/threatened.

In small groups engage in open-ended discussion to translate personal experiences into possible pedagogical or political actions, and then share with the full group.

Facilitators: Karen Keifer-Boyd, Elizabeth Delacruz, Read Diket, and Joanna Rees
